

4 WAYS TO GIVE BACK

Wedding Planning

One of our core values is community over profit. And we love working with couples who share the same vision. Some of our favorite ways for couples to give back during their wedding planning process are:

Use Donations as Favors

Instead of buying candy or trinkets for your wedding guests, the couple makes a donation to a special charity in their guests' honor

Flower Donations

It breaks my heart to throw away thousands of dollars of flowers at the end of an event. Did you know you can donate flowers to hospice and other organizations so others can enjoy their beauty?

Nonprofit Venues

San Diego has dozens of fantastic museums and gardens that are available to rent as an event venue. Support your favorite nonprofit by renting its event space.

Register for Charitable Donations

Do you already have lots of stuff? Couples can register for donations to be made to some of their favorite nonprofit organizations in lieu of registering for wedding gifts
